Problem Solving Lab – Part C
ENGR 1181
Today’s Lab

- Your team’s grade will be based on the best of two runs. Some teams will only need one run.

- Use any remaining time to work on your Project Notebook.

- Today, we complete the Engineering Design Process by validating (testing) the design.

FINAL DESIGN
The Problem Solving Project Notebook is due at the beginning of the first class next week (MATLAB 15).

MATLAB 15 will tie together MATLAB topics covered through a project based assignment.
